About Peques

Peques was established in September 1999 as a small sessional nursery in Fulham. Since then, it has grown into two flourishing nursery settings, shaped by a commitment to excellence, continuous development, and a belief in evolving thoughtfully with the world around us.

Peques Nurseries are multilingual full-day care settings delivering the Early Years Foundation Stage (EYFS) curriculum in English, Spanish, and Mandarin, while sharing one clear ethos across both locations. Our nurseries are places where children are nurtured, challenged, celebrated, and inspired every day.

We are a vibrant, inclusive, and multicultural early years community, offering high-quality care and education in an environment that is warm, stimulating, respectful, and full of possibility. We recognise every child as unique and place great importance on supporting each child's emotional, social, physical, and cognitive development in a way that honours their individuality.

Our approach is child-centred, holistic, and rooted in meaningful relationships. We place strong value on language development, creativity, emotional intelligence, confidence, and curiosity about the world. By offering daily immersion in English, Spanish, and Mandarin, we encourage children to become confident communicators with an open-minded and global outlook from the earliest years.

At Peques, we believe childhood should be rich in wonder, discovery, and connection. We are committed to sustainability and to creating sensory-rich learning experiences that spark imagination, encourage open-ended exploration, and help children develop a deep respect for the natural world.

Food and mealtimes are also an important part of our nursery life. Our dedicated in-house kitchen team prepares fresh, healthy meals and snacks each day, with menus carefully planned to provide balanced nutrition, introduce a variety of flavours, and help children develop positive eating habits that can last a lifetime.

Alongside our core curriculum, we offer enriching experiences that broaden children's horizons and support their wellbeing, including yoga, sports, and our Forest School project for pre-school children. These experiences promote mindfulness, physical confidence, resilience, independence, exploration, and a lasting appreciation for nature.

We also believe that a strong nursery begins with a strong team. Peques is proud to have a highly qualified, experienced, and passionate staff team, many of whom have grown with us over the years. We foster a culture of trust, collaboration, and mutual support, and we place real importance on staff wellbeing, professional growth, and a positive working environment.

Our core values of respect, kindness, inclusion, and continuous learning are woven through every aspect of nursery life. We aim to create a safe, joyful, and inspiring environment where every child feels valued, confident, and capable, laying secure foundations for a lifelong love of learning.

Head Office

Head Office is based at the flagship nursery at **St John's Church** and serves as the central hub for both settings.

Owner & Founder: Margarita Morro Beltran

Operations Director: Stephanie Murray

Head Administrator: Soraya
