

Our Local Offer (SEND)

At **Peques Anglo-Spanish Nursery Schools**, we believe every child deserves the opportunity to thrive, learn, and reach their fullest potential. We are proud to offer an inclusive environment where every child is valued, supported, and encouraged to achieve at their own pace.

We welcome and support children with a wide range of developmental, learning, physical, and emotional needs. Our aim is to identify individual needs early and work together with families and professionals to ensure the best possible outcomes for each child.

Our Approach

- We identify children's individual needs early through careful observations and assessments.
 - We work in partnership with parents and carers to create Individual Support Plans (ISPs) when needed.
 - Our Special Educational Needs Coordinator (**SENCo**) ensures that appropriate strategies and interventions are in place.
 - We work closely with external professionals, such as speech and language therapists, occupational therapists, and educational psychologists.
 - All staff receive ongoing training to develop inclusive practice and understanding of SEND.
 - We adapt our environments and routines to meet the diverse needs of every child.
-

Our Commitment

- To ensure all children have equal access to learning opportunities.
 - To celebrate differences and recognise that every child learns in their own unique way.
 - To maintain open, respectful communication with parents and carers at every stage.
 - To continuously review and improve our provision so that it reflects the latest guidance and best practice in Early Years education.
-

Our SENCo

Our SENCos oversee SEND provision across each setting and are always available to meet with families to discuss individual needs or next steps for support.
